LEGAL IMPASSE HIT IN SCHOOL DISTRICT CASE

Residents of Upper Huntingdon township, who are seeking to have their section established as a separate school district Monday afternoon found themselves wrestling with an apparent legal dilemma that if unresolved may doom their efforts to failure.

The problem appeared to be this, based on the tenor of questions put by Judge W. C. Sheely to their attorney, John Swezey: There can be no justification for a separate school district unless the new district can join the Upper Adams Joint School System. Thus unless it can be shown that the Upper Adams system will accept Upper Huntingdon the court cannot approve establishment of the new district. At the same time the Upper Adams District cannot legally enter into any arrangements that would be binding with a district which does not exist.

No Immediate Answer

That problem, of how to submit "proof that cannot be given," was discussed at some length in a long series of questions between the

Some Reading Rails Are Being Removed

Twenty Reading Railroad workmen this week are engaged in removing a section of track extending from Franklin Street to the middle of W. Railroad St.

The section of track formerly was used to bring passenger trains into the Reading Station, now closed, and to interchange with the Western Maryland railroad.

With the removal of the rails and ties, a switch has been constructed near Franklin St., to permit the interchanging of cars between the Western Maryland and Reading Railroads at that point.

Railroad officials pointed out that the new interchange will reduce interference with traffic on Washington St. which formerly was held up while the railroad cars were moving from the Reading to the Western Maryland across Washington and Railroad Sts.

Gettysburg Featured in Holiday Magazine For June, Illustrated With Colored Pictures

Four large pictures in full color illustrate an article by Philip Van Doren Stern on "Gettysburg" which is one of the features of the June issue of Holiday, on sale at the newstands Wednesday.

Under his main caption Mr. Stern says that "still today you can see the scars on the land where the tidal wave of the Confederacy wavered and broke," and describes Gettysburg as "a pivotal point in history, a decisive moment in the working out of a nation's destiny—a battle and a monument."

The largest of the color pictures was taken from Oak Ridge looking toward the town. There is also a picture of the Whitworth guns in Shultz's woods on West Confederate Ave., of Devil's Den and of the Trostle barn near the Peach Orchard, which still has a shell hole made by a Confederate cannon in its gable.

"It is only 29 miles from the Turnpike to Gettysburg," says Mr. Stern, "but you find yourself traveling far back in time. . . . When you enter the outlying streets, you realize with a certain shock that very little has changed here since the events that made Gettysburg world-famous. If you have sharp enough eyes, you may notice that the

FLUORINE USE REDUCES TOOTH DECAY IN TESTS

Use of fluorine in the water systems of approximately 300 cities has led to a decided decrease in the number of bad teeth among children in those cities Martin E. Flentje, research engineer for the American Water Works Service Co., of Philadelphia, told the local Rotary Club at its meeting Monday evening at the YWCA.

Installation of a system to place fluorine in the Gettysburg water supply would cost about \$5,000, Flentje said. The annual cost of placing the fluorine in the water would be about \$1 per customer in Gettysburg, he added. In some cities, he said, the cost is born by taxation, in others the cost is added to the water bills.

"Despite the good results so far from placing fluorine in drinking water, the water works people are hesitating to put it in, I guess mostly because of our upbringing," Flentje said. "Our training has always been to make the water as pure as possible and so it takes us a little while to get used to the idea of putting something into the water. We are conservative and hesitant. There are some objections and some people are worried. They admit that it has been proven that use of fluorine in water helps teeth, but there are some questions whether it might cause other damage."

Prepare For Law Suit

"Many of the arguments advanced against using it are downright silly. But as you know there are always people who object and any community putting the material in the city water supply can prepare itself for at least one law suit brought by someone who objects."

"From a water engineer's standpoint we are hesitant partially because of our upbringing."

Red Prisoner Killed And 85 Injured In Riots At Pusan

PUSAN, Korea (AP)—Communist war prisoner rioting spread to a Pusan camp today and flared in two new but minor revolts at violence-ridden Koje Island Camp No. 1.

One Red POW was killed and 85 were injured at Pusan.

One American guard suffered a minor injury in the 2½ hour battle of clubs and fists in Pusan Camp No. 10. No shots were fired by the combat-wise United Nations guards, although they were armed.

On Koje, it was disclosed that two mild revolts were settled without incident by the new camp commander, Brig. Gen. Haydon L. Boatner, during the first four days of his command.

These occurred while high-ranking officers of Gen. Mark Clark's Far East Command in Tokyo studied reports on February-March Koje riots in which 90 Red male POWs and one American soldier were killed.

One of the minor new Koje flare-ups involved the 400 women prisoners of war and civilian internees held on that island, 30 miles south of Pusan. The other was a sitdown strike by prisoner inmates of a U. N. Command hospital and their prisoner-doctors.

Boatner settled both with persuasion and firmness. There was no violence, no shots were fired, and no one was injured, he said.

Resist Treatment

At Seoul, Gen. James A. Van Fleet, commander of the U. S. Eighth Army, said the Pusan outbreak resulted from "an attempt by fanatical Communist prisoners of war to resist proper medical treatment of patient inmates of Enclosure 10."

All the prisoners at Pusan previously were reported to have been screened. The Army said they professed opposition to Communism, and to repatriation to Red areas if a Korean truce is agreed upon.

Pro-Communist prisoners were kept on Koje.

Today, the Army said Enclosure 10 is a mixed camp for both Communist prisoners who want to return behind the bamboo curtain and anti-Communist prisoners who don't. It did not say whether the rioters were Chinese or North Koreans or both.

The Army announcement said: "A small group of agitators among the 1,600 inmates of one compound in the enclosure had refused an order from U. N. authorities to come out of the compound for transfer to another compound."

Allies Attack Reds' "Vicious Means" To Balk Truce In Korea

MUNSAN, Korea (AP)—United Nations truce negotiators today accused the Communists of "seeking every vicious means" to block a Korean armistice because of their "fear of the truth."

The especially bitter 62-minute session at Panmunjom produced no progress on the lone issue blocking an armistice—what to do about captured Reds who do not want to return to Communist territory. The Communists want them back.

The truce delegations will meet again tomorrow at 11 a.m. (9 p.m. Tuesday EST).

Vice Adm. C. Turner Joy, closing out his last days as head of the Allied truce team, said that in 10½ months of negotiations "I have not heard such vicious, degrading propaganda as that thrown at us today."

Joy declared the Allied stand that no prisoner be forced to return to Red control is governed by the humanitarian principles of the United Nations.

North Korean Gen. Nam Il opened the session by declaring the "public confessions" of Brig. Gen. Charles Colson "have killed and buried the myth that our captured personnel refuse to be repatriated."

Colson wrote a letter to Red POWs in the Koje Island prison stockade to gain the release of Brig. Gen. Francis T. Dodd, held as a hostage. The letter has since been repudiated by top U.N. officers.

An Allied screening of prisoners showed that more than a-half of the captured Reds said they would resist to Red rule.

Joy again offered the Communists the chance to join in re-screening of prisoners.

Down 4 Red Jets

SEOUL, Korea (AP)—U. S. Sabre jet pilots reported they shot down four Communist jets over Northwest Korea today.

A U.S. Fifth Air Force announcement said the new kills raised total destruction of Russian-built MIGs in the Korean War to 302.

Allied air losses, if any, are announced weekly.

The Air Force confirmed that U. S. Sabre pilots on May 4 destroyed five Communist propeller-type fighter planes on Sinuiju airfield. This is in extreme Northwest Korea on the bank of the Yalu.

facades of some of the old brick houses are still pock-marked by bullets, and if you look more closely, you may see an occasional shell still embedded in their walls."

In tracing the history of the battle, Mr. Stern says that neither Lee nor Meade wanted to fight at Gettysburg. "But the plans of both commanders had to be changed, and the little crossroads town of Gettysburg became a compromise position between two carefully chosen sites."

"If Lee had been able to dig himself in along the steep hills around Cashtown, he would have been almost impregnable, and history might have taken a different course."

Mr. Stern includes in his article a well-written story of the battle and of the location and dedication of the National Cemetery.

Cletus Plank Sr., Gettysburg R. 5, posted a \$500 bond to guarantee payment of a \$4 a week support order Monday afternoon four hours after he had been turned over to the custody of the sheriff by the court.

Plank, father of a family of nine children, seven of them at home, Monday morning told the court to "close the door" when Judge W. C. Sheely asked him if he would pay the weekly support order for a son who is under Adams County Child Welfare Services care, and is living at a foster home.

After some discussion the court declared: "If you don't change your attitude you'll just close the door on yourself. What will it be?" Plank replied: "Close the door."

He was taken into custody by the sheriff shortly before noon and at noon the cell door closed. About 4 o'clock the cell door opened to permit Plank to sign the bond and gain his freedom.

"Quo Vadis" To Be Here This Week

When 63 lions were turned loose in the huge Circus of Nero supposedly to devour the Christian martyrs in one of the spectacular sequences of M-G-M's "Quo Vadis," cameramen filmed the scene from behind special wire enclosures erected at either end of the arena.

The film will be shown at the Majestic Theatre Thursday, Friday and Saturday.

Under the direction of Mervyn LeRoy, two units filmed the action simultaneously, with every precaution taken to avoid recurrence of a fatal mishap which occurred when the scene was filmed for an earlier production of "Quo Vadis," made in 1924. At that time, a lion took his role too seriously and devoured one of the extras.

In M-G-M's spectacle, filmed in Technicolor, trained matadors from Portugal and Spain and animal trainers from France and Holland played the roles of the Christians inside the arena, with thousands of Italian extras impersonating ancient Roman spectators.

Robert Taylor and Deborah Kerr head the cast with Leo Genn and Peter Ustinov, British actors, also in top roles.

The guards were armed but used riot tactics and, without firing a shot, separated the prisoners whose removal had been ordered and brought them out of the compound, despite bitter resistance by many of the prisoners."

MAGLIE SHUTS PIRATES OUT FOR 7TH WIN

By ARLO ROBERTSON
AP Sports Writer

The seven National League rivals of the New York Giants were wondering today if Sal (The Barber) Maglie is ever going to be beaten. And you can't blame the Pittsburgh Pirates if they shake their heads in an emphatic negative manner.

The 35-year-old righthander from Niagara Falls, N. Y., hasn't been beaten this year. He's racked up seven victories to run his undefeated string over a two-year span to 10. He has met and whipped all except the Boston Braves and Chicago Cubs.

In 62 innings on the mound, he has allowed only seven earned runs for the enviable average of 1.02.

13th Straight

When he blanked the Pirates 4-0 on seven hits yesterday in one of the three games played in the majors it marked the 13th straight time the curvball ace has turned back the cellar-dwelling Bucs.

Third baseman Bobby Thomson supplied the batting power for Maglie's second shutout of the season. It put the Giants back in a tie for first place with the Dodgers, who played a 1-1 tie with the Cubs in a game called by rain after one was out in the top half of the seventh.

Maglie allowed only seven scattered hits, all singles. He walked one and fanned six to run his league-leading total to 42 strikeouts.

Veterans Turn Trick

In the only game played in the American League, Lou Boudreau again called on his sharp-fielding oldtimers to give the Boston Red Sox a 3-2 victory over the Detroit Tigers.

The victory, credited to rookie Bill Henry, lifted the Sox into a virtual second-place tie with the idle Washington Senators.

It was veterans who supplied the power. Walt Dropo and Clyde Vollmer drove in the winning runs with long flies in the seventh.

The only other scheduled game, St. Louis Cards and Philadelphia Phils, was postponed by rain.

Eastern League

(By The Associated Press)

The Eastern League's dog-fight pennant race was up today for an early-season showdown as the new and old leaders collide for the first time this season.

The Albany Senators, who last night moved half a game in front of the pack, entertain the Reading Indians in the opener of a two-game series.

The Indians, two-time league champions before the franchise was shifted from Wilkes-Barre, skidded off the perch over the week end after four straight losses to the Schenectady Blue Jays.

By thumping the Elmira Pioneers, 8-4, last night, the Senators gained an undisputed but shaky hold on first place. The Blue Jays trail by half a game and Reading is only a game and a half off the pace.

DALE MITCHELL IS TOPS AT BAT

NEW YORK (AP)—A hot streak by Dale Mitchell of the Cleveland Indians, which saw him gain 20 points during the past week, moved the hard-hitting outfielder into the American League batting lead.

Mitchell, tied for fourth place last week, collected nine hits in 22 at bats to boost his average to .360.

Last week's leader, Phil Rizzuto of the New York Yankees, lost nine points and fell to third place, behind Boston's Dom DiMaggio, who has a .343 mark. Rizzuto is hitting .342.

Figures include yesterday's games.

Jackie Robinson, last week's leader in the National, also went in to a tailspin, but unlike Rizzuto, the Brooklyn second baseman didn't lose his lead. In 24 at bats he connected safely only six times and his average skidded 43 points to .350.

Del Ennis of the Philadelphia Phils holding down the second slot, picked up four points to bring his average to .345, five behind Robinson. Joe Adcock, of Cincinnati in third, went on a spree, going nine for 21, to send his average sailing 27 points to .341.

Matthews was just too classy and hit too hard for Layne. The sharp-hitting Seattle veteran scored the only knockdown of the fight in the second round. He set the rugged Layne up with body punches to land his favorite left and right combination to the head.

Canner-Bubbler Game Wednesday

The Biglerville-Boiling Springs High School baseball game which will decide the championship of the Adams County Baseball League has been re-scheduled for Wednesday evening at 8:30 o'clock at Boiling Springs, rain having washed out the contest Monday.

Dick Allison's Biglerville aggregation is undefeated to date and boasts a string of nine straight. Boiling Springs has a 14-3 record with 10 wins in a row. Among the Bubbler's victims are Hanover, South Penn champs, and Camp Hill, West Shore titlists.

Slaybaugh is expected to toe the slab for the Canniers while Mentzer, reportedly being scouted by Major League scouts, will hurl for the Bubbler.

NEPAL EXPORTS FIGHTING MEN

KHATMANDU, Nepal (AP)—Some nations export coal. Others send abroad their foods, automobiles, or steel. But tiny Nepal's top export is still fighting men.

Sturdy Gurkha warriors—long famed for their skill at close-in warfare—flow out of Nepal steadily. And the money they earn flows back into this Himalayan kingdom to provide its greatest asset.

Today there are more than 30,000 Gurkha fighting men wearing uniforms of Britain and India—eight full battalions serving with the British forces, 24 in the Indian army.

Until some substitute means of livelihood is provided, the Nepalese government has dropped all thought of curbing the supply of replacements for these units.

Gurkhas Love Fighting

The Gurkhas themselves, largely recruited from two main tribes in Central and Eastern Nepal, are cool to the idea that they should end their "foreign legion." Service abroad, they point out, means good equipment, good training for the fighting they admitted love, and allotments or pensions to their families.

Tough Nepalese Gurkhas have been the backbone of British, and British-Indian defenses for many decades. Gurkha regiments count their battle honors by the score, and have performed brilliantly in World War I, World War II, and the Asian Conflicts which preceded them.

Favorite weapon of the Gurkha warrior—even in this atomic age—is the kukri, a 15-inch broad-bladed fighting knife—half dagger, half meat-cleaver. With it the average Gurkha can lop off the heads of his enemies, disembowel the carcass of a buffalo for food, or chop his wood for a cooking fire.

Every Gurkha soldier wears a

ABILENE READY TO WELCOME IKE

ABILENE, Kan. (AP)—"I wonder what kind of weather we'll have June 4?"

That's the big question to the residents of this Central Kansas town who are getting ready for the mammoth homecoming of Gen. Dwight D. Eisenhower, potential Republican presidential candidate.

The Weather Bureau comes up with a sporting answer.

"Five to one it'll be a fine day." The people around here are more curious about the kind of day it will be than they are about what the general will have to say.

"We not only like Ike here, we love him," said Charles Case, a retired merchant, in what just about sums up the attitude of the home folks toward a local boy who made good.

During a two-day celebration starting June 4, the five-star general will lay the cornerstone for a museum to house his war trophies. The \$100,000 structure is going up on ground adjoining the old Eisenhower family home, where Ike grew to manhood.

FIFTY YEARS AGO

Wedding Bells: Tuesday morning at 8 o'clock, Miss Edith L. Ertter and Charles P. Ramer, both of this place, were united in marriage in St. Francis Xavier Catholic church, by Rev. Father T. J. Crotty. A nuptial mass was celebrated, during which the ceremony took place. Miss Catharine Shinerberger was bridesmaid and John Eberhart, best man.

Marriages: Morrison - Sheely.—May 18, at Littlestown, by Rev. F. S. Lindaman, James W. Morrison, of Berwick township, to Miss Flora Sheely, of this place.

Jacoby-Gephart.—May 18th, at Bonneauville, by Rev. J. C. Thompson, Henry W. Jacoby, of Centennial, to Miss Mary M. Gephart, of White Hall.

Porter-Mowery.—May 14th, at the bride's home in Biglerville by Rev. S. A. Diehl, James Porter, of Carlisle, to Miss Clara Mowery, of Biglerville.

Work To Begin On New Sanitarium: Wm. H. Johns has been awarded the contract to remodel the Springs Hotel and put up several additional buildings. As it is the intention of the company to have the sanitarium on operation as soon as possible, work will be started immediately. E. J. Grove, of Harrisburg, is the architect, about \$25,000 will be expended.

Died In His Cabin: Charles Yankee, or better known as "Dutch Charley" died in his little cabin at Bendersville Station last Monday night of flint dust consumption. He worked in the flint mills at that place for four years, was well to do, but would give no account of his relations or family connections and if no relatives can be found, his money will go to the state.

Local Miscellany: Tuesday evening a young son of Wm. J. Redding, Cumberland township, fell from the barn floor and broke one of his legs.

The children belonging to the Band of Hope were given a trolley ride and luncheon on Saturday afternoon by the officers and teachers.

A. Danner Buehler has sold his house on East Middle street to Mrs. Jennie K. Coburn. Mrs. Buehler will, in the very near future, erect a two-story brick house on the lot recently purchased by him from the Culp heirs, corner E. Middle street and the avenue.

The Gettysburg Water Company has improved their plant by putting up a large brick stack, 40 feet high. On last Wednesday William Tawney, who conducts J. O. Blocher's individual car between this place and Baltimore, brought to town 240 bunches of bananas.

Wm. T. Jones has been engaged to lay the water pipes from Seminary Ridge to the Cavalry camp, which will be located along Reynolds Avenue.

Quite a large number of people passed through this place on their way to the German Baptist gathering at Harrisburg during the past week.

Funeral of Gen. Collis: With the casket draped with the Stars and Stripes, for which he fought, and in one of the nation's most sacred and beautiful spots, adjacent to the graves of members of his regiment, and within sight of his magnificent summer home, all this is mortal of General H. T. Collis was, on Thursday, laid to rest with full military honors.

The remains were taken from the special train from Philadelphia and placed in the handsome funeral car to which were attached four beautiful black horses. The funeral procession was as follows: Undertakers, J. W. Garlach and R. R. Bringham, Grand Army Band, Boys' Drum Corps, 50 members of Corporal Skelly Post, firing squad composed of Sons of Veterans, Rev. W. N. R. Ashmead, pallbearers (Dr. E. J. Wolf, Lieut. I. S. Stonestifer, Maj. C. T. Richardson, Maj. Wm. M. Robbins, John B. McPherson, Hon. D. P. McPherson, Dr. W. H. O'Neal and Charles S. Duncan), the hearse bearing the remains of the dead general. Immediately following were the general's two sons, Lloyd and Charles, and on either side and in the rear of the hearse marched the members of Meale Post, of Philadelphia.

Today's Talk

By GEORGE MATTHEW ADAMS

DISTRIBUTED ABILITIES

He who created us had a universal vision and understanding. Not a single face, or body exactly the same, or abilities. Bacon, in one of his essays, speaks of Themistocles, the Athenian who when asked at a feast to play the lute said, "he could not fiddle, but yet he could make a small town a great city." It's the varied and gifted abilities of men and women that gave us this interesting world in which we all seek to excel along some line. The leader of a great orchestra would be lost at milking a cow! And the diamond cutter would look with wonder upon the performance of a great painter at his easel as he applied paint and color to an intricate work of art.

The work of the world is carried on happily because there are so many people doing different things in a different way. We are compact personalities, each with a multitude of gifts, endowed to us at birth. It is our privilege to attempt anything we choose, but we excel at the things we most love and in which we most seem fitted. It all comes about naturally.

Some people write books, some play an instrument, some work with tools, some experiment and invent, and some just carry out the ideas of others. But everywhere there is a distribution of abilities. And all this amounts to progress and happiness. This would be a sad world if we were all equally created to do the same things. Even in nature there are specialties. The eagle does what the sparrow cannot. The tree does what the lily was not created to do.

Never should any of us despair because we cannot do what another can. The person with but one talent may well become useful or famous with that one! It is because of these distributed abilities that we get on so well in this world, one person inspiring another to do his best.

We tie to friends because they supplement us, encourage us, and help us to discover our own unused abilities. These distributed abilities make up our co-operative world. Never should we disparage the ability of another, but rather pay tribute to that one, ourselves profiting from the example.

Tomorrow Mr. Adams will talk on the subject: "The Furniture of Friendship."

Just Folks

ADOPTED GRANDMA

The little old lady is gentle and sweet
The friend of the children who live on her street
So tender and gracious and patient is she
That she's been adopted their grandma-to-beSome folks adopt children to love as their own.
Well, children have methods to make their love known
And it happens quite often, as all must agree,
That they adopt some one their grandma-to-be.No child of her own, yet a grandma to all
With the smile of a grandma Whenever they call!
And I'm sure the good Lord above loves her as we
Who came here a grandma adopted-to-be.

The funeral was the most imposing ever held in this place. The cemetery was a mass of humanity, thousands having gathered to witness the last sad rites over the remains of the dead hero.

The floral tributes were probably the most costly of any ever placed on an individual grave in the National Cemetery. The pillow marked "Husband" bore seven orchid flowers, the value of each being about \$5.

The three children of Gen. Collis and a granddaughter accompanied the remains here. Owing to Mrs. Collis being abroad, she was unable to attend the funeral.

Personal Mention: Master Edgar M. Faber spent several days with Robert B. McClean, at Harrisburg. Wesley Kurtz, of Philadelphia, was called here last week by the serious illness of his sister, Miss Sue Kurtz.

Mrs. Mary Campbell left Tuesday morning for Canada where she expects to make her future home. Among those who attended and are attending the German Baptist Conference at Harrisburg from this place and vicinity we note the following: Rev. J. D. W. Deardorff and daughter, Flora, Mrs. Anna Deardorff, Chas. H. Deardorff, wife and daughter, Oscar Deardorff, Rev. and Mrs. B. J. Lightner, J. O. Blocher, wife and daughters, Miss Maggie Diehl, Levi Diehl and wife, Jacob Swisher, Cornelius Weaver and Jeremiah Weaver.

Miss Gertrude Pope, of Elkhart, Ind., is visiting Mr. and Mrs. Wm. Hersh.

Miss Edith Bushman, daughter of Mr. and Mrs. Wm. Bushman, left last week to enter Dominican Convent, Hunter's Point, New York.

OREGON BOOSTS
IKE'S DELEGATES
TOTAL BY 18

By The Associated Press

A no-compromise stand by President Truman on civil rights has put a new head of steam behind the free-for-all race for the Democratic presidential nomination.

And a week-end sweep of Oregon's 18 delegates to the Republican National Convention by Gen. Dwight D. Eisenhower narrowed the GOP race between the general and Sen. Robert A. Taft of Ohio.

This week's delegate harvest gets under way today in Montana, where the Democrats and the Republicans both hold state conventions. During the week, 105 delegates are to be picked in six states scattered throughout the nation.

No Primaries This Week

The Democrats will name 70 representatives to their national convention, and the Republicans 35.

There are no state primaries this week. All delegates in both parties will be chosen by state party conclaves. The Democrats will pick up 12 delegates in Montana tomorrow, 32 Thursday in North Carolina, 20 Friday in Louisiana and six Saturday in Delaware.

The Republicans will select eight delegates in Montana today, 24 in Washington State Saturday and three the same day in Minnesota. Hawaii Republicans decided last Saturday their eight delegates should go to Chicago unopposed.

Eisenhower's lead in Oregon's GOP primary — where Taft was not on the ballot — and capture of all 12 of Vermont's delegates put him within 38 convention votes of Taft in the Associated Press tabulation. The AP tally is based on delegates pledged, instructed, or willing to express a first ballot choice, and on candidate concessions. The Taft forces claim about 450 delegates.

The AP tabulation now gives Taft 375, and Eisenhower 337, out of 914 delegates so far named. There will be 1,206 delegates to the GOP convention, with 604 needed to nominate.

NEWSPAPERS IN
"COST SQUEEZE"

NEW YORK (AP)—Faced with another \$10-a-ton boost in the price of Canadian newsprint—the second such increase in less than a year—American newspaper publishers find themselves in an increasingly difficult cost squeeze in getting out their daily paper.

The latest increase—it's scheduled to take effect June 15—is expected to add more than 50 million dollars a year to costs of publishing in this country.

Newsprint accounts for up to 50 per cent of the expense of getting out a big metropolitan daily. Figuring in the new \$10 increase, the price of newsprint since V-J day has gone up more than 200 per cent since the depression.

Some publishers predict that the higher costs will inevitably lead to further increases in advertising and subscription rates — already near or past the saturation point, in the opinion of many.

Others say the steady trend toward fewer and larger newspapers, toward mergers and consolidations, are that an increasing number of newspapers may be put out of business.

The Truman administration immediately asked the Canadian government to reconsider and rescind its approval of the price hike.

PITTSBURGH (AP)—Weekend traffic accidents in Western Pennsylvania killed three pedestrians and a motorist.

An auto swerved out of control on a street in Jeannette, killing Clarence van Dyke, 59, of Jeannette, and injuring two women companions.

John W. Harris, 51, was fatally injured crossing a New Castle street.

A truck killed John Brogan, 75, in nearby Munhall.

Skidding on Route 82 near Johnstown, a car overturned and killed James E. Engle, 22, of Lucerne Mines.

UNIONTOWN, Pa. (AP)—Walter J. Scheller of Conneville, county maintenance superintendent for the State Highways Department, is the new chairman of the Fayette County Republican Committee.

He won over Atty. Henry R. Beeson of Uniontown at a week-end election. Scheller succeeds Atty. W. Frank Lane who served four years.

LONDON (AP)—Britain told Red China Monday remaining British businesses in China have decided to close down or dispose of their 300 million pound (\$40 million dollar) investment and quit the country.

In a note delivered in Peiping, Britain also asked the Chinese Communist government to grant exit visas for an estimated 120 Britons, who would leave the country as soon as their businesses are wound up.

State To Promote
Street, Road Work

HARRISBURG (AP)—The commonwealth today dangled a three million dollar plum to help communities improve their roads and streets.

It's part of a new arrangement in the allocation of 15 million dollars a year to cities, boroughs and townships for work on 58,432 miles of streets and roads not under the jurisdiction of the State Highways Department.

Dr. W. R. Hancock, director of the State Bureau of Municipal Affairs, said the new plan "would guarantee some attention to expanding and improvement streets rather than spending state aid just to maintain them."

In the past, municipalities received state aid on the basis of the number of miles of streets and roads they had. Most of the money was spent merely for maintenance.

PANTIE RAIDS
FLARE ANEW IN
SEVEN STATES

(By The Associated Press)

The college boy craze to invade women's dormitories for panties flared anew on campuses from Vermont to Minnesota last night. Harassed police were caught between raiders and the beleaguered girls in the dormitories.

Similar collegiate outbreaks have occurred at other schools in the nation. Apparently, some persons believe, the spring revolts represent the students' way of letting off steam before final examinations.

Last Night's Episodes

Here are last night's developments in seven states:

At Evanston, Ill., some 200 Northwestern University women serenaded in front of the men's dormitories. The boys applauded the girls, and then 1,000 of them paid a "return visit" to the women's houses.

Singing and cheering, the male students snatched lingerie in five dormitories.

At Columbia, Mo., 3,000 University of Missouri men students assaulted sororities on their own campus and dormitories at Stephens College and Christian College, both women's schools.

Some Fight Back

Acting Police Chief J. L. Parks said damage might run into thousands of dollars at the three schools. He said he obtained permission to call out the National Guard but that the youths retired after he alerted the Columbia unit.

At Newark, Del., some 250 male students stormed eight coed halls on the University of Delaware campus. Girls at one house fought back with a fire hose.

Other raids were reported at the Universities of Minnesota, Connecticut, Vermont and Wisconsin.

STUDENT'S BODY
IS RECOVERED

SPIRIT LAKE, Wash. (AP)—Rescuers paused on a mountain path last night as a grief-stricken clergyman intoned the last rites of the church over the body of his son who died in an icy crevasse high on Mt. St. Helens.

The youth, 20-year-old Arthur Jessett, slipped into the narrow chasm at the mountain's 8,000-foot level while on a climbing trip with three companions Sunday.

He lived a number of hours talking to his companions as the slipping ice eased him deeper and deeper into the crevasse.

Late yesterday, expert mountain climbers were lowered 75 feet into the frigid tomb and recovered the young University of Washington student's body.

The father, the Rev. Thomas E. Jessett, met the somber party as it descended through fog and rain.

Ex-Chinese General
On Boatner's Staff

KOJE ISLAND, Korea (AP)—A former Chinese Nationalist general has joined the staff of Brig. Gen. Hayden L. Boatner, commander of U. N. prisoner of war camp No. 1, as an adviser on Chinese prisoner affairs.

Boatner said the Chinese is an old friend from their World War II years in Burma. The Chinese adviser is a civilian employee of the U. S. Army. He requested that his name not be published to prevent possible reprisals by Chinese Communists against members of his family still in Red China.

The Chinese indicated he merely hopes to advise Boatner on what he thought would be the wisest, most humane and effective way of dealing with Chinese prisoners. Boatner himself is a Chinese expert.

Approximately 5,000 Chinese prisoners are held on Kojé and have indicated a desire to return to their homeland in case of a Korean truce.

COTTON CONTROLS OFF

WASHINGTON (AP)—The Office of Price Stabilization said Monday price controls are being suspended on raw cotton and practically all textiles including those made of wool, cotton and synthetic fibers. OPS officials said Price Stabilizer Ellis Arnauld signed the order this morning. Details are to be announced late today.

TAYLOR, SPLAIN
ARE EXPECTED
TO KEEP POSTS

HARRISBURG (AP)—State Sen. M. Harvey Taylor (R-Dauphin) and Maurice Splain Jr. are expected to be reelected as state chairmen of the Republican and Democratic State Committees this week.

The Democrats meet here Tuesday to reorganize while the Republicans have a Saturday meeting scheduled at Philadelphia. Members of the two state committees were elected at the April 22 Pennsylvania Primary.

Informed sources in both parties said Pennsylvania's members of the Republican and Democratic National Committees also will be re-elected.

They are G. Mason Owlett of Wellsboro and Mrs. Kathy G. Murdock of Greensburg, Republicans, and Mayor David L. Lawrence of Pittsburgh and Mrs. Emma Guffey Miller of Slippery Rock, Democrats.

Held Job Since 1942

Taylor has headed the Republican State Committee since 1942 while Splain was chosen Democratic State Chairman two years ago.

The Democratic State Policy Committee also has endorsed all other state party leaders for new terms at today's organization meeting.

They are Mrs. Ruth Grigg Horting of Lancaster, vice chairman; Miss Genevieve Blatt of Pittsburgh, Democratic nominee for state auditor general, secretary, and J. Warren Mickle of Bedford, treasurer. The 70-member Republican delegation to the Chicago presidential convention also will organize Saturday at Philadelphia with Gov. John S. Fine expected to be named chairman.

The first caucus of the Democratic delegation to their nominating convention will be deferred until their arrival in Chicago in July, party leaders have indicated.

GRISLY FIND RECALLS OTHER OLD SKELETONS

NEW CASTLE, Pa. (P)—Grisly memories stirred in the minds of New Castle residents today following discovery of human bones on a marshy island in the Beaver River.

Whether the gruesome find was the beginning of another mystery such as the one which gripped the area 25 years ago will not be known until further investigation by state police and Lawrence County Coroner Charles E. Allen.

Two New Castle men—Mike Medved, 25, and George Jentsy, 28—found the bones when they landed their rubber boat on the island for random exploration on Sunday.

Coroner Allen said several bones were sawed in half and the skull was fractured. He said they were parts of an adult skeleton. The sex was not immediately determined. A belt buckle and a rotted belt lay nearby.

"Murder Swamp"

The island 1½ miles north of an Everglades-like morass has been dubbed "Murder Swamp." Boys digging there a quarter of a century ago found a skull. They dug further and before the day was out, six more skulls and the bones of seven bodies had been uncovered.

None of the skeletons was ever identified. Most popular theory was that the victims were killed by a maniac who wanted to practice crude surgery.

On the neck vertebrae of each skeleton was a cut authorities said was made by a Gigli saw, a European surgical instrument not used in this country.

Allen said one of the bones found on the island yesterday bore a mark made by a similar instrument.

Senators Challenge McGranery's Fitness

WASHINGTON (P)—Two Republican senators have challenged the fitness of James P. McGranery to be attorney general. They said his integrity, ability and veracity are "most questionable."

Sens. Ferguson of Michigan and Watkins of Utah filed a minority report disagreeing sharply with the majority vote for confirmation in the Senate Judiciary Committee.

The committee had voted 8 to 4 for confirmation of the U. S. district judge from Philadelphia who was appointed six weeks ago to replace J. Howard McGrath as this nation's chief law enforcement officer.

In a 45-page report, the two senators said they will move later in the day for permission to recall witnesses for further testimony. The judiciary committee held four days of hearings earlier this month.

ADA NOT READY TO MAKE CHOICE

WASHINGTON (P)—Americans for Democratic Action (ADA), newly schooled by President Truman in the ways of politics, will make no endorsement of a presidential candidate until after the major party nominating conventions in July.

Delegates to the ADA convention voted unanimously on Sunday to defer action because to do otherwise, a political policy statement said, would "weaken our strength at the national conventions" in Chicago.

The night before, the delegates cheered Truman as he predicted the Democratic party would nominate a "liberal" for President and win in November. He said the Republicans will defeat themselves because their program will "scare the daylight" out of the voters.

The President has taken himself out of this year's race, and the ADA delegates decided after a stormy session that he had a point in suggesting a go-slow approach to endorsing any candidate. Truman gave the ADA convention no indication of his choice—if he has one.

ADA describes itself as an independent organization of liberals dedicated to the principles of the late President Franklin D. Roosevelt. Most of its members belong to the Democratic party.

TWO STATES AT ODDS SEEKING BRINK SOLUTION

BOSTON (P)—Massachusetts and Rhode Island law enforcement authorities were at parting ways today as they sought solution of the fabulous \$1,219,000 Brink's robbery and the gangland slaying of a wealthy road house owner.

The apparent break between state officials became known Sunday night when Rhode Island's Atty. Gen. William E. Powers announced, "Thus far Boston authorities do not seem to be interested in the information available to us."

Powers accused Massachusetts authorities of showing a definite lack of interest in information which he said might lead to solution of the Jan. 17, 1950, Brink's robbery and the Saturday morning ambush shooting of 49-year-old Carlton M. O'Brien.

Powers made the accusation shortly after Joseph F. McGinnis, 48, former convict and Boston night club owner, had been released following lengthy questioning in the slaying of O'Brien.

Two shotgun blasts killed O'Brien in front of his lavish West Warwick, R. I., home.

The attorney general said investigators in his state had uncovered information indicating that the O'Brien slaying was tied up with the Brink's job.

Powers declared the Brink's holdup—the nation's greatest cash robbery—was planned by McGinnis, O'Brien and Alfred A. Gagnon of Pawtucket, R. I., a prisoner at Rhode Island State Prison.

Gagnon has named himself and O'Brien as planners of that daring robbery.

YOUTH'S STORY OF DYNAMITING PUZZLES POLICE

HOLLYWOOD (P)—Detectives continued their investigation Monday of George G. Yoho's bizarre story of how he was dynamited because, he said, he backed out on a plot to blackmail actresses Ruth Roman and Doris Day.

Yoho, 25, of Cameron, W. Va., whose left hand was blown off by a blast in his hotel room Saturday, is recovering in the prison ward of Los Angeles General Hospital. He is booked on suspicion of burglary.

Both Miss Roman and Miss Day have told officers they have no knowledge of any plot against them. But police say they plan to interview them as well as some 15 other persons they believe may have knowledge of the case.

Yoho's story is that two men he knew only as Bill and Willie planned to lure the actresses to the home of an unidentified Los Angeles woman where the film players would be drugged and photographed. When he refused to act as go-between, Yoho said, the men bound him to a bed and touched of a charge of dynamite beneath it. He added he met the men in Albuquerque, N. M.

Yoho said he is a former laborer and movie bit player.

year-old Joseph Zappie as saying. Zappie, permitted to spend the week end home, was found lying on the kitchen floor in his family's apartment Saturday. Gas was pouring from four open jets on the stove.

His mother, Mrs. Anna Zappie, 60, was found dead on a bedroom floor, her neck discolored and bruised. Medical examiners said she had been strangled with bare hands.

Carmine Zappie, the mental patient's 61-year-old father, found his son unconscious and his wife dead.

Young Zappie was questioned by police on Sunday after he was returned to Overbrook Hospital, an Essex County institution. He seemed to be calm and showed no outward sign of remorse, they said.

GIRLS TRAVEL 60,000 MILES FOR \$500 EACH

By The Associated Press
Two adventurous girls who recently hitch-hiked 60,000 miles through 39 countries probably hold the world's record for girl hitch-hikers. Furthermore, the girls — Phyllis Burke, 21, of Dobbs, Ferry, N. Y., and Beverly Drake, 25, now of Australia—spent only \$500 each and the cost of a round-trip third-class passage to Europe, for their year of travel.

How did they manage to live and travel on a shoestring? Phyllis says it was easy because "people all over the world opened their hearts and homes to us." She explains:

"We traveled by bicycle, horse and buggy, auto, truck, camels, boats, elephants and airplane. The airlines people were particularly nice to us. Whenever a plane wasn't crowded we could get a free air lift to another country—most of the time with RAF or UN planes. The British embassies throughout the world were particularly cordial to us and many times were helpful when American embassies turned us down."

Slept in Closet
Sometimes hotels didn't have room for the youthful travelers, but they would manage to care for them, somehow. In crowded Hong Kong, says Phyllis, a large hotel closet was converted for them into a sleeping area. In France the girls once took refuge in a church. Says Phyllis:

"Two girls traveling together get lots of sympathy. In one of the Arab countries we were invited to join a harem. We also got a few proposals of marriage—lots of men want to marry an American passport."

Beverly parted from Phyllis in Australia — married a Hungarian

she had met in Singapore. But Phyllis didn't meet anyone who interested her, particularly.

The girls met important government heads throughout the world—King Farouk the Regent of Iraq in Baghdad, Prince Takamutso, the brother of Hirohito, Nehru of India. They were guests of the Maharajah Barodi of New Delhi.

The money for the trip had been earned by working after school as waitresses, camp counselors and baby sitters. Phyllis attended Endicott Junior College, Beverly, Mass., and Beverly attended Iowa State College.

Arrested As Spies
They carried Army surplus packs crammed with four crepe dresses, two cotton dresses, shorts, jeans, bathing suit, wool suit, hiking shoes, gloves, nylons, two suits of long underwear, one tweed coat and a raincoat. Most of the clothing was suitable, except that warm coats spies. They also eyed us with suspicion of Tehran and Australia, says Phyllis.

"We were so cold in Tehran we wrapped sweaters around our legs and wore pajamas around our heads—one reason, perhaps, why we were jailed for a day on suspicion of being spies. They also eyed us with suspicion in India. In Istanbul, after we had inquired about a visit to Russia, we were followed by Russian spies."

There were not many bad experiences connected with the adventure, according to Phyllis, who noted that there is a great deal of anti-American feeling because American tourists "throw their money around." Young people who have respect for American dollars are appalled at tourist habits and think of America as a nation offering nothing but job opportunities.

Freedom Amazes Others
Phyllis was amazed that GIs gripe about the country of their station, and that Americans abroad make loud and unpleasant criticisms of the countries they visit.

After a hitch-hike to South Africa, South America and Bali, Phyllis hopes to live in Italy, Austria or

BLASTS STORY OF EX-CONVICT ON BRINK'S CASE

BOSTON (P)—Deputy Police Supt. James F. Daley today branded as a "liar and faker" ex-convict Alfred A. Gagnon, who said he was one of the planners of the fabulous \$1,219,000 Brink's robbery.

Gagnon of Pawtucket, R. I., named himself, Carlton M. O'Brien, Warwick, R. I., roadhouse owner, and Joseph F. McGinnis, former convict, as the planners of the nation's biggest cash haul.

He is held in Rhode Island State Prison awaiting trial on a charge of attempted robbery.

O'Brien, 49, was slain in gangland fashion Saturday. Daley made the accusation in an angry answer to charges from Rhode Island Atty. Gen. William E. Powers that Boston police showed a lack of interest in information they had obtained indicating that the O'Brien slaying was tied up with the Brink's holdup.

"This man Gagnon wasn't within 1,200 miles of Boston at any time from November, 1949, prior to the Brink's holdup, to March 5, 1950, following the Brink's robbery," Daley asserted.

"That taken by itself brands him as a liar and faker and these facts are irrefutable."

American Samoa is about 900 miles south of the Equator and just east of the international date line.

the Orient. She plans to write a book, and possibly hike to California before she goes abroad again. Says she:

"One thing that is noticeable throughout the world is the freedom of American women. In other countries women are looked down on. No matter where we traveled other girls were amazed that we had so much freedom."

NURSE ADMITS POISONING GIRL

WETUMPKA, Ala. (P)—A plain, middle-aged hospital head nurse coolly confessed on Sunday to killing her little niece with an arsenic-spiked soda pop.

The 42-year-old nurse, Mrs. Earle Dennison, denied, however, that she poisoned another niece whose body, exhumed after two years, showed arsenic traces.

Sheriff Lester Holley said Mrs. Dennison confessed in writing yesterday to the death three weeks ago of her 2-year-old niece by marriage, Shirley Diann Weldon.

Mrs. Dennison was charged with murder on a warrant sworn out by the parents of both children, Mr. and Mrs. O. G. Weldon, a farm couple.

Holley said Mrs. Dennison was reported to hold two life insurance policies on Shirley Diann, one for \$5,000 and the other for \$1,000.

Two years ago, Holley said, she collected on a \$5,000 policy on the first child to die, Polly Ann Weldon, 3.

3 RAILROADS
STUDY LABOR
PEACE PLANS

WASHINGTON (AP)—Three big railroad unions today studies a labor peace plan the White House hopes will end a three-year dispute.

The engineers, firemen and conductors brotherhoods, with a combined membership of more than 150,000, were handed the contract proposal by Presidential Assistant John R. Steelman yesterday. So were the railroads, and they accepted it quickly.

The unions were set for all-day, separate sessions. But they agreed to act as one on final acceptance or rejection.

Steelman's Plan
Steelman's proposal, submitted on a take-it-or-leave-it basis, would:

1. Boost wages for men in yard service by 37 cents an hour, of which 12 1/2 cents is already being paid.

2. Boost wages for men who work on the open road by 22 1/2 cents an hour, 5 cents of which is already in effect.

3. Give the train unions substantially what they wanted on a highly controversial working or operating rule involving crews which take a train through a divisional point. A change in this rule demanded by the carriers was described by union officials as the major obstacle to settlement.

Roads Seized in 1950

4. Lay the groundwork for a five-day, 40-hour work week for men in the yards who now work 48 hours.

5. Put into effect a cost-of-living escalator clause, tying wages to the cost of living.

6. Submit to binding arbitration any disputes over: The rule governing pay for men on a train which is assigned more than one type of work at the same time; and the rule under which a railroad may extend its switching limits.

7. Give the unions substantially, but not quite, all they wanted on a rule governing pay for workers told to report late for work because their trains are late.

President Truman seized the roads in August, 1950, to avert a strike.

pension over the volume received a week ago. Run estimated at 900 head measured an increase of 17 per cent over last Monday and 32 per cent over the same time in 1951. In addition to fresh receipts approximately 400 were on sale that were held from last week. Steers formed bulk of salable supply with the equivalent of 12 loads of slaughter offerings and 14 loads of stock cattle on sale. Balance of run consisted largely of cows with a fully normal supply of bulls on offer.

Small supply of heifers again consisted mostly of odd lot and single head shipments with majority of the supply in the utility and commercial grade range. A few odd head lots of good and low choice heifers, \$21.50-\$23.50. Bulk of utility and commercial, \$24-\$30. Odd canner offerings to \$20.50 or under.

High-quality and commercial grade cows met first action and bulk of the commercial grade offerings, \$25-\$28. Utility cows, \$23-\$25 in most instances. Canners and cutters under pressure and cleared on a steady to weak, spots lower with bulk \$18-\$22.50. Odd shelly canner and cutter grade lightweight dairies from \$23.50 downward to \$21.25 or below.

CALVES—Fresh receipts of calves expected to outnumber the count of last Monday but show little difference compared with a year ago. Demand fairly broad for practically all weights and grades and prices showed little net change compared with last Friday's quotations. Mixed lots of good to prime vealers, \$33-\$38, latter price top. A price range of \$21-\$32 accounted for most of the utility and commercial grade offerings while culls from \$21 to \$16 and in extreme cases below \$16 mark.

HOGS—Although the hog run was approximately 45 per cent larger than the movement counted in a week ago the number was little changed from that scored on the corresponding day in 1951. Buyers resisted higher asking prices and trading developed on a very low tempo. However, when the selling level was fully established barrows and gilts 150-250 pounds generally 25-50c, higher than last Friday while other grades unevenly steady to 25c. higher. Sows displayed a general 25c. upturn. Choice 170-250 pound barrows and gilts, \$23.50-\$24. Practical top, \$24. Heavierweights 240-260 pounds, \$22.75-\$23.25; 260-300 pounds, \$21.75-\$23. Over 300 pound kinds from \$21.75 according to weight and condition. Lighter offerings 120-140 pound, \$20.25-\$21.25; 140-160 pounds, \$21.25-\$23. Sows less than 400 pounds most often \$17.50-\$18.50 but odd head around \$25 pounds and lighter occasionally above \$18.50. Kinds 400-450 pounds, \$18.50-\$17.50 and heavierweights \$16.50 down depending on condition and weight. Stags generally discounted \$2-\$3 from price for same weight sows.

SHEEP—Bulk of the almost negligible supply in the sheep and lamb department consisted of mixed lots of good to prime spring lambs that

25,000 Oil Workers
Are Back On Jobs

DENVER (AP)—An estimated 25,000 of the nation's nearly 90,000 striking oil workers were back on the job today, 21 days after they walked out in a wage dispute.

More were expected to return by tonight as additional settlements are reached in plant-by-plant negotiations across the country.

Meanwhile, airlines, both in the United States and Europe, were faced with loss of considerable revenue as the shortage of aviation gasoline grew. It was expected to reach the critical stage by next week end unless additional supplies were obtained.

LEGAL IMPASSE

(Continued from Page 1)

Judge and Swezey. The Harrisburg attorney representing Upper Huntingdon concluded at the end that he saw no immediate answer to the problem, but added that he hoped to arrive at a solution in the near future that would satisfy all the points of law.

Nearly an hour was spent in discussing various matters of law and objections raised in connection with petition of Upper Huntingdon to become a separate school district.

Attorneys Donald M. Swope and Eugene V. Bulleit, representing the Huntingdon, Latimore and York Springs boards of the North Adams Jointure, raised a number of questions.

Constitutionality Up
Bulleit questioned the constitutionality of the entire law under which the petition was brought. The law provides for review of the court's decision by the state superintendent of schools and council of education. Terming this an invasion of judicial rights, Bulleit claimed the law was therefore unconstitutional. Swezey answered that the law provides for the state superintendent and council to "provide expert services in this matter, leaving the judicial matter up to the court."

Bulleit also questioned whether the court had the right to consider an abrogation of a contractual relation involving an entire school system. Swezey argued that there was no proof that the North Adams joint system would be in any way hurt by removal of upper Huntingdon. He claimed that "it is not a question of whether this would be a benefit to the jointure; but of whether it would be a detriment to the welfare of the school children in the joint district. They would not receive a poorer education, they would receive the same as they have now. As a matter of fact possibly they would receive a better education."

Briefs Submitted
Swope brought up the question of boundaries of the proposed new school district. Swezey answered that it seemed unnecessary to take a survey until after a hearing and a decision, that the generalized description given was good enough for a basis on which to begin the matter. Swope also raised a number of other objections, to which Swezey answered at length.

Briefs submitted during the argument were presented to the court, with the court scheduled to hand down an opinion later.

Dagon Dehoff, Littlestown R. D.,

was sentenced to 60 days in jail for failure to keep up a support order. A support order of Robert Kinsey, Harrisburg, for his wife, from whom he is now divorced, was discontinued.

Referred To Censor Board
The court directed that the transcript of a hearing before it on the question of return of bail be filed with the Allegheny County Board of Censors, for such action as it may see fit, after the court held that "no attorney has a right to handle cases like this and not be brought to task for it," in connection with the activities of Attorney A. Arthur Buscia of Pittsburgh in handling the affairs of Frank Benjamin Sites, of Pittsburgh, wanted in Adams County, on a charge of driving after his license was revoked.

The whole matter started from efforts of Peerless Casualty Co., of Pittsburgh, to get straightened out on two bail bonds which it wrote for Sites.

Complicated Facts
According to testimony, Sites was arrested in Adams County on the charge November 7, 1951, and Peerless on November 10 posted \$1,000 bail for him to appear for sentence November 17, after Sites had pleaded guilty.

District Attorney Daniel E. Teeter showed a letter from Buscia stating that Sites had not pleaded guilty and would not appear, and that he should be let know when the next trial sessions were. When Sites did not appear November 17 the bail was forfeited. Ralph A. Rohrich, president of Peerless Underwriters, Pittsburgh, said they had been notified that a new bond was needed, without mention of the failure of Sites to appear in court, and because that is frequently the case when a case is continued, the company issued another \$1,000 bond. Then it discovered that Sites was a fugitive.

Rohrich said that had his company known the circumstances it would not have issued the second bond.

Detectives At Work
Buscia, Rohrich said, refused point-blank to come to Gettysburg with the Peerless representatives to get the matter straightened out. The court returned the first bond, but forfeited the second and directed that Peerless also pay the costs of the case. Rohrich said his company has detectives seeking Sites who is now said to be in the Merchant Marine.

Sites failed to appear both November 17 and again on January 28, the date for which the second bond was issued for his return.
